At a little after 16.00 hrs the two buses pulled up at the prescribed spot alongside **Maprachan Lake** and the occupants spilled out to join the already growing assembly for **Run 1691**. The **A-Site** was well chosen, good access, protection from the strong afternoon sun from the trees and less biting stinging insects than some previous sites.

The first circle was called to order at just about 16:25 and the first serious matter was the initial introduction of two virgins to the **Hash**; but there was more..... one of these two young ladies, namely **Apple**, was espied to be sporting new shoes! Her sponsor, **VLAD THE IMPALER** was called to the circle and being unable to account for his lack of responsibility in allowing this to happen was summarily ordered to down beer from one of **Apple's** shoes. After a tortuously long time he emptied the shoe and the main business of the day could proceed. After a brief from the **Hares** the runners and walkers set off at a little after 16:30.

The course was well laid and posed several difficulties especially for the less observant who managed to miss several well placed turns; likewise several cunning checks had the field of runners scurrying around in all directions (*other than those sensible enough to wait while others toiled looking for paper*) until a distant call of **On On** would be heard and the group would once again come together and head in one direction. Overall the course was flat although one or two little gullies presented difficulties for the less nimble, those whose heritage descended from mountain goats ascended readily, many others requiring assistance from their peers.

The first runners back to the **A-Site** started arriving within an hour of departure and a steady stream followed, which could be observed along the final straight which followed the bank of the lake for well over 1 km.

As the returning runners and walkers cooled themselves off with drinks *the welcome site of a table loaded with food, cooked sausages, cheeses, chorizo, bread and chilled wine appeared*, courtesy of a departing member. The table was quickly enveloped by the hungry crowd and murmurs of delight and appreciation were heard across the **A-Site**.

At 18:30 the second circle was called by the **GM** and his first task was to call for **MISS OLYMPIC**, who was indeed the departing member responsible for providing the food previously mentioned. It was made clear that **MISS OLYMPIC** had only been with the **Hash** for 6 runs over a short period of time, and her generosity was recognised by all. In light of her imminent departure to **Ireland**, **BURL IVES** was called to give her a note and perfectly delivered a few lines of *Ireland's Call*.

FREE WILLY took the circle and invited the **Hares** to the ice. **NIGHT RIDER**, **MENTAL DISORDER** and **MENSTRUAL DISORDER** took their seats to hear opinions on the run. *Most were in agreement that it had been an excellent run, although there were solo shouts of 'rubbish' from dissenters or more likely mischievous individuals.*

The **Raffle** ensued. The first winning number was claimed by the virgin, **Apple** and as she came forward to choose her prize applause was mixed with cries of 'Fix' which emanated from the same area of the circle as the shouts of rubbish

Run 1693

A-Site Mis-Directions:

From Pattaya Klang, head North on Sukhumvit and take the flyover to Hwy 7. After about 9 km, exit Hwy 7 at Hwy 36 towards Rayong. Continue on Hwy 36 for 5.5 km and turn left (HHH) opposite Bira Race Track. Continue on this road for 2.3 km (HHH) and turn right into a dirt track to the A-Site.

only moments earlier. The remainder of the prizes were claimed, notable only for **WANK-KING'S WANKER** dropping a four pack of bottles from his grasp as trying to make good a quiet exit from the circle.

The **GM** once again took the circle and called upon **MISS OLYMPIC** who selected five random men to take positions on the ice. **SPERM POLLUTER**, **EMPEROR AIRHEAD**, **ARSE-HOLEO**, **PISS POORER** and a guest, **MOONY** took their seats simply to give our departing **Hariette** the power of the ice. It was noted that **MOONY** was slow to cover his backside after leaving the ice.

EMPEROR AIRHEAD came forward and took control of the circle. The **Hares** were again called forward and thanked for their efforts, **LINEAR ACCELERATOR** and **NA HEE MAN** followed and were acknowledged as returning travelers. **MR POTATO HEAD** and his wife were next to be called up, **MR POTATO HEAD** sat on the ice and his wife was invited to sit on his lap; she declined and took a seat alongside him on the ice... *'at least the ice is hard'* was shouted from the darkness on the far side of the circle. A brief christening ceremony took place and Mrs PH is now recognised as **LUCKY NUMBER**.

Next up was **VLAD THE IMPALER** and his son, who, in order to protect his adolescent integrity we shall refer to as **A**, took to the ice. Trouble was brewing as **A** had declined to lower his shorts before sitting and this was brought to the attention of **EA** by a gathering of **harettes** who howled their disapproval. **A** was invited to redeem himself and he did so, but in *such a rapid series of movements that only the barest glimpse of flesh was viewed*. More screams of disappointment. Styles of parenting were discussed with an

emphasis on the *benefits of bringing you son of relatively tender years to the den of iniquity that is Pattaya*, as opposed to nurturing an interest in golf, fishing or even juggling chain saws, which may all be considered more responsible.

The virgins, **Apple** and **Ning** were officially recognised and were followed into the circle by **GAS MAN** and **SPERM POLLUTER** who were the subject of a *wedding reception that had been crashed* and their attempts to dissuade the groom from committing his life in nuptials. Probably too late if it was the wedding reception....

Once again **MISS OLYMPIC** was given the power of the ice by the **GM** and called upon her four best friends to take a seat in the bucket. *There was a degree of reluctance to get bums wet*, especially from **TADPOLE** and **GAS MAN** was called upon to ensure compliance.

Awards followed, delivered by **WKW** in his usual style; **LADY FLIPPER** for 40 Hared Runs and **GI JOE** for his 600th Run, *both worthy of acknowledgment and congratulations*.

The **Hamersley Wankers** were collectively called to the ice from where they enhanced their reputations with renditions of ribald songs and *a reluctance to observe etiquette*. More will follow!

VLAD THE IMPALER and **A** were once again called to the ice for a family photo. **Apple** joined **VTI** and upon questioning, young **A** foolishly stated that *he didn't want a girlfriend*; the **GM** didn't need a second invitation so *immediately nominated a boyfriend instead*. Step forward **MOONY**, a man's man if ever there was one, to sit on **A's** lap for the photo. *Lesson learned young man..... and too late to change your mind!*

GAS MAN then took control of the circle and in appreciation of the comments offered previously by the **GM** about the **Hamersley** crowd called the **GM** to the bucket. He took his place but surreptitiously sidled onto the ice a moment or two later. He was presented with the weekly award of *Wanker of the Week* from **Hamersley** and encouraged to don the accompanying t-shirt, which had been soaked in the ice bucket. Somewhat reluctantly he complied to the sound of *'you fat bastard...who ate all the pies'* being sung. *A local pack of dogs howled at the moon in accompaniment*.

Next up all the **Aussies** were invited to the ice to take a vote on the likelihood n a reconciliation between **GAS MAN** and **GAS GUZZLER** before the next Hash.

This was mostly remarkable for the lack of **ARSE-HOLEO** in the circle..... to me he appeared to be more **Australian** than *a Kangaroo throwing a boomerang at a Koala* but cited his heritage as a *£10 Pom* and was excused. **NA HEE MAN** was called for beer abuse and took his punishment in true style..... *a forlorn apology made no impression on the GM*.

In lieu of the hares giving us a song **BURL IVES** took centre stage a delivered a *witty number about dogs arseholes which was well received by all*.

Business was drawing to a close and **GI JOE** was called to lead the singing of the **Hash Hymn**, accompanied in the circle by those who wouldn't be with us next week. As usual the standard of singing around the circle varied, from those who had delusions of singing in some great public auditorium and those who more resembled **Wayne Rooney** with a mouth full of sweets pretending that he can remember a few of the words of his country's **National Anthem**. The 3rd verse was sung in silence and with no movements either.....the only tranquillity of the whole evening!!! Hopefully a full pictorial account was captured by the **LONE WOLF** *who prowled within the circle all evening, snapping and flashing at every opportunity*.

Passengers were hurriedly called upon to board the buses which made their way to **Nicky's Bar** where further discussion of events was entertained over more beers and *plentiful chicken casserole supplied by the bar. Thanks for that*.
