Run # 1500 - 80 Runners

Hares: Liberace & Odd-Job

Finally the event we have all been looking forward to is here. The PH3 run no. 1500. It was with great anticipation that we arrived at the A-site. And we were not disappointed. The A-site was located on a field at the edge of a dense forest and the grass on the ground was nicely manicured. Everything was looking great. The hares Odd Job and Liberace had really lived up to their reputation. And Sir Spaghetti Head as usual, acted as a traffic police and made us all park in a highly organized manner.

So, after the usual bullshit talk in the 1 st. circle, and the hares giving us the guidelines for the run, off we went in a orderly row. The trail led us through some of the most beautiful paths and patches of forests I have ever experienced in my days of hashing. Truly in the spirit of the event of the 1500'th run. Everything was looking great until we came to the hill! The trail up the hill having been laid by Liberace was a real challenge and I soon found out that I had made a tactical error

using most of my energy on the easy part of the trail, not anticipating what was ahead. But I was not the only one. Halfway up I spotted Wank-King 's Wanker hiding in the bush talking to himself: "I am terrible, fucking useless". I tried to comfort him, telling him that there were other person worse off than him, but he just mumbled: "Look at me, I can't even find a road for a truck to drive me over". By this I quickly left and continued on the trail.

Last Run Story Continues

After some more climbing I really got exhausted but finally managed to reach back to the A-site discovering that I was not the only one having had a hard time.

At the A-site I approached Scar With Two T's asking him if he was the GM today. He just replied: "I am GM every day the rest of my life". Generally I got the idea so I dropped to venture further into this issue. As usual VV provided us with some excellent food, this time his famous hamburgers spiced with Provence Herbs. Flying Finn, after serving VV a shot of his Salmiakii Vodka, tried to grab for VV's money box with the result that his hands got burned on the barbeque. The smell was just awful. And then the surprise of the day, real anniversary cakes. Emperor Airhead was the first to help himself, he muttered "I really love chock lade cake and grabbed a fistful of cake. After having consumed the cake, his face reminded me of my girlfriend's hash name: Black Hole. Liberace traded cakes against a hamburger with Horse helping him out. Liberace only wanted a half of the hamburger bread, he had a lengthy discussion with Horse about this and we can only guess which part of the hamburger bread he chose. The top or the bottom?

Then it was time for the 2. nd circle. And a truly international circle it was. All major nations in the world were represented and the Scar with two T's had reincarnated from a time long gone in the person of a beautiful blond Viking girl. But his

style was recognizable as always; His brain is on vacation and his mouth is working overtime. The hares were duly iced and the big question of the evening was; when was the first PH3 run. The answer from the circle was very quick: When Scar With Two T's was slim. After this reply the confusion was increasing so I guess we are left with this as the only answer.

Then, raffle time, and as usual Bottomless Pit made grate fuzz and created a lot of confusion. In addition Karamba was looking over my shoulders to see the notes I was taking, so I really did not follow what was going on in the circle. However I managed to note down that the most prominent winner was Next Week, as will celebrate his 70'th Birthday on the 4.th of December.

It was time for Emperor Airhead to take control of the circle and he made the following important announcement:" My days as a front runner are over". The circle immediately fell silent, everybody felt sad and contemplating what to do next. Then Emperor Airhead took us down the memory lane of PH3, when Sir Spaghetti Head was not a Sir and was wearing short pants, when General Kidney Wiper nearly being eaten by a shark and about all the hash trucks that had gone by.

Wank-King's Wanker was back in the circle announcing the next run as a "Crazy Hat" run. Everybody has to wear a crazy hat except those who already are crazy. He proudly announced that due to this, he does

not need to wear a hat. And under his breath I heard him say that not only is Horse a hare raiser, he is also a hair raiser. Again it was difficult to hear what was going on because Karamba and No More Cum commented on everything being said. So maybe some of the facts written down in this scribe are somewhat influenced by these two guys.

Then all the Filipino Girls were iced, for which reason I do not know but, it nearly got so hot that the ice melted. They were taken off before they were sinking into the mud. Karamba was on the ice again talking about some squirrels getting white fur because they were eating plastic; so to all female hashers, please dispose of used condoms in an environmental friendly way. Then there was a lot of birthday icing and the result was a lot of cold asses not suitable for further celebration. But why was Karamba still on the ice? I heard from reliable sources that he was being kept on the ice because his Thai girlfriend wanted to cool him down. So no more celebration this evening for Karamba as well.

After some more icing and additional pressure from Bottomless Pit on me regarding his performance as the Brewmaster, it was time for the song from the hares, "Swing High Swing Lo" with arms in all directions and for all of us to depart.

See you next Monday!

Hash Humour

A British Navy Destroyer stops four Muslims in a row boat, rowing towards Brighton . "The captain gets on the loud hailer and shouts "Ahoy, small craft, where are you heading?"

One of the Muslims stands up and shouts, "We are invading England!"

The crew of the Destroyer all start laughing and when the captain finally stops laughing, he gets back on the loud hailer and says "Just the four of you?"

The Muslim stands up again and shouts, "No, we're the last four. The rest are already there!"

This girl looked at my beer belly last night and sarcastically said, "Is that Corona or Blue?" I said, "There's a tap underneath, taste it."

I was talking to a girl in the bar last night. She said, "If you lost a few kilos, had a shave and got your hair cut, you'd look all right." I said, "If I did that, I'd be talking to your friend over there."

I went to the pub last night and saw a fat girl dancing on a table. 'Good legs' I said. The girl giggled and asked with a smile, "Do you really think so.?" I said "Definitely, most tables would have collapsed by now. "

I was telling a girl in the pub about my ability to guess what day a woman was born just by feeling their boobs. "Really" she said, "Go on then...try." After about 30 seconds of fondling she began to lose patience.

"Come on, what day was I born"? I said, " yesterday."

I got caught peeing in the local swimming pool today. The lifeguard shouted at me so loud I nearly fell in.

I never knew this.

Did you know "listen" and "silent" use the same letters?

Do you also know that the words race car spelled backwards still spells "race car"?

And that "eat" is the only word that if you take the first letter and move it to the last, it spells its past tense "ate"?

And have you noticed that if you rearrange the letters in "illegal immigrants," and add just a few more letters, it spells:

"Go home you free-loading, benefit-grabbing, resource-sucking, baby-making, non-English-speaking arseholes and take those other hairy-faced, sandal-wearing, bomb-making, camel-riding, goat-shagging, raggedy-ass bastards with you."

How weird is that?

English really is a strange language, isn't it!

The human body has 7 trillion nerves.

My wife manages to get on every f-----g one of them!

Knock knock. Who's there? "Doorbell repair man"
